

Family Feature

CG Family

The Sledge Family is a family that we could easily talk about for hours and when we think of them, we immediately smile. Angela Sledge is the kindest, sweetest, most gentle, caring individual that we have come across. She always puts others needs in front of her own family and always asks about everyone's day regardless of how her day is going. She has had her own health issues over the past few months and has put those aside when dropping off or picking up to ask about each of us to make sure we are okay. She offers to go out of her way to see if our staff needs anything or if there is anything she can do to help in any way. Zander is in 3rd grade and attends our AM care, however, he attended our PM care for a few months as well. He is such a polite boy and always uses his manners when he is talking to an adult. We believe that is a reflection of his parents and how they are raising him. Whether the Sledge family has an evening at home or is on the go to practices or games, they truly take their time to show that they care about our Honey Grove family. We appreciate them and the support they give us! Thank you Sledge Family for going above and beyond to make our school year such a success and for putting a smile on our face every day!

CP Family

Ms. Johnson is a mom and an aunt to three amazing and kind students at Honey Grove at Clark Elementary. She is currently watching after her sister's two children while she is away serving our country. Ms. Johnson is a selfless parent who does all that she can for her and her sister's kids. She wants the best for her kiddos and it shows! She always comes in with a smile on her face and always leaves laughing. She makes sure all three of the kids are told to have a great day and goodbye, signing off with the signature, "deuces!" Jazmine, Kayleigh, and Kelvin are three wonderful students who always brighten up our Honey Grove Program. They are always willing to help others when needed and they lead by example. They give welcoming smiles every morning, even when they have to come in early!

We always enjoy our morning conversations and know that they will always brighten up our day! Thank you, Ms. Johnson, Jazmine, Kayleigh, and Kelvin, for all that you do to bring the sunshine to Honey Grove!
