

The love of a
FAMILY
is life's greatest blessing

Paisley and Rigby Carter are both wonderful student role models in the program. Their mom Michelle is always interested in what we're doing daily. Michelle and Tim hold their kids accountable and always follow through and encourage positive behavior. Michelle is always offering to contribute to the program, by offering games they no longer use at home. Michelle also takes the time to ask how staff members are doing, both current and past. Paisley is a fifth grader and is constantly concerned about her brother Rigby who is a Kindergartner. Paisley and friends walk him to class each day, make sure he always has a friend to play with, and show him the ropes of before and after school care. The Carter family brings a smile to each staff members face daily.

"Our Honey Grove Family is like fudge, mostly sweet, with a lot of nuts!"
